## Professional Qualifications

---

Mr. McAndrews has been with CSE since 2012 after graduating from Salem State University (SSU) with a Bachelor of Science in Geological Sciences and was promoted to Project Manager in 2014. An aspiring Licensed Site Professional (LSP), Kevin leads the CSE team during environmental investigations and remedial projects in accordance with Massachusetts General Law c. 21E and the Massachusetts Contingency Plan (MCP). His proficiencies include project coordination, developing conceptual site models and remedial action plans, directing immediate response actions for sudden releases of oil and hazardous materials, and providing real estate due diligence services including Phase I & II Environmental Site Assessments consistent with ASTM standards. Kevin is responsible for providing clients all phases of environmental consulting from client consultation to project completion. Also, he holds an Federal Aviation Administration (FAA) Remote Pilot Certificate with a small Unmanned Aircraft Systems (sUAS) rating, acting as the remote pilot-in-command for CSE's drone, a DJI Mavic Air unit, for aerial surveillance during site activities: [https://cleansoils.com/sp\\_faq/drone/](https://cleansoils.com/sp_faq/drone/)
